Violin

EXPERIENCE

INTERACTIVE DESIGNER

MAR 2011 - AUG 2013

MINT INTERACTIVE

I worked with the design team and the client to conceptualize, design and execute digital marketing projects across a range of media ranging from web apps and websites to email mailers.

RESEARCH ASSISTANT

SEP 2010 - DEC 2010

MIXED REALITY LAB

Conducted research involving communication using smell as a primary medium.
Built prototypes of user interfaces for user testing
Conducted user tests and evaluated test results

INTERACTIVE DESIGNER

SEP 2010 - DEC 2010

INGENIO

Worked with graphic artists and designers to develop websites and interfaces to facilitate music education for young children

PROJECTS

CARNEGIE MELLON UNIVERSITY

JAN 2014 - AUG 2014

UPMC (MHCI CAPSTONE PROJECT)

I am currently working with in a team of five students in the Masters of Human-Computer Interaction program to research, design and develop a prototype of a patient-centered solution in a 8 months long project.

CARNEGIE MELLON UNIVERSITY

SEP 2014 - DEC 2014

CMU POLICE DEPARTMENT ESCORT SERVICE

I worked in a team of 3 students to propose a solution to help the Escort Bus drivers reduce safety risk by reducing their cognitive and memory workload.
